

Internal Shutters

Timber, Composite and Aluminium

Our range of internal shutters incorporates timber and aluminium shutter options.

Our impressive range of timber shutters can adapt to all applications with a wide range of sections and sizes to create a beautiful finish. Choose from fixed shutters to hinged, sliding or bi-fold shutters.

Don't look past our powdercoated aluminium shutters as a solution for your window coverings. They are strong, durable and like our timber shutters they can be fixed, hinged, sliding or bifold. Unlike the timber shutters however the aluminium shutters have the option of being lockable.
